Program Description :

Business plays a major role in the structure and functioning of contemporary society. Rapid changes in technology, resource allocation, structural shifts in the economy, changes in consumer preferences, global competition, and shifts in the employment market all necessitate a better understanding of the role and nature of business in today's society. The BBA provides a well-rounded business education with a focus on global business operations, emerging markets, and technology-enabled organizations. Students develop an in-depth understanding of one of the business majors and learn a broad range of managerial capabilities, problem solving and communication skills. Electives allow flexibility, adaptability and creativity and prepare graduates for diverse careers in global management, administration, and entrepreneurship, as well as a range of postgraduate opportunities.
