Program Description :

The program emphasizes critical and strategic thinking, developing managerial skills, real-world applications, ethics, and leadership taught in a technologically-advanced, active learning environment. Classes are scheduled for weekday evenings, online or on weekends for the convenience of the students who have home and work obligations. The program's curriculum is designed to meet the management needs of organizations now and in the future. The enhancement of a person's managerial, financial and market decision-making abilities is at the core of our curriculum. In addition, our program includes topics such as global markets, ethics, effective communication, diversity management, and leadership/teamwork skills. The entire program is aimed at enabling students to be competent managers in a rapidly changing world.
