Program Description :

Build on your existing interior decorating, design, or architectural training and advance your career in the residential kitchen and bath design industry in this exciting new post-diploma program – the first of its kind in Alberta. Learn about trends and challenges emerging for kitchen and bath designers. Specialize your abilities to analyze and respond to clients' needs by creating functional and aesthetically pleasing design solutions. Learn to consider durability and the environment, while working within building codes and kitchen and bath industry design standards. Refine your knowledge of technical and presentation documents. Increase your understanding of residential construction practices and industry specific materials and products. Accelerate your career by adding a Kitchen and Bath Design Post-Diploma Certificate to your credentials. Because you know the way to stand out is to be ahead of the crowd.
