Program Description :

Western’s Bachelor of Nursing This program prepares graduates for eligibility to apply for registration throughout Australia as a registered nurse. The focus of the program is on inquiry-based learning, critical thinking and reflective practice in relation to the theory and practice of nursing in health and health breakdown across the lifespan. Using a primary health care framework, students study the application of physical and behavioural sciences to nursing; inquiry and evidence-based practice principles and utilisation within nursing; nursing care of individuals, families and groups from diverse backgrounds across the lifespan. The acquisition of nursing knowledge and skills occurs initially in campus-based simulated clinical practice settings and consolidation occurs as students undertake clinical placements in a variety of health care settings. Our program reflects contemporary practices in nursing, health and education, and responds to emerging trends.
