Master of Engineering -Industrial

Program Name	English Language	Duration	Application Fee	Tuition Fee	Intake	Post Study Work Visa
Industrial	IELTS 6.5 R 6.0 W 6.0 S 6.0 L 6.0 GPA/% 3.0	16 Months	CAD 0	Yearly CAD 32900	January September	Up to three years.

Program Description :

Industrial Engineering is at the heart of the systems that are essential to our society. From airlines to online retailers, from hospitals to manufacturers, from telecommunication companies to world-wide shipping companies, industrial engineers design solutions to improve the performance of complex systems of people, technology, and information.

Admission Requirement :

Academic Requirements:

- An undergraduate degree in Engineering
- Original transcripts of all previous academic work. Note that while the minimum required GPA is 3.0, admission to the MEng in Industrial Engineering is highly competitive, and in recent years those offered places in program have typically had GPAs of 3.6 or higher.
- 2 confidential letters of reference
- A personal statement
- Proof of financial support
- Resume/curriculum vitae
- Proof of English language proficiency. Requirement waived for applicants from India who have completed a degree at a recognized university where the language of instruction is English.
