### **Program Description :**

Agriculture is one of the most rapidly changing fields of study in the 21st century. As such, there is high demand for skilled professionals to develop ethical and sustainable food production systems, to support the world's growing populations. The Bachelor of Agriculture from Charles Sturt University will provide you with education across all major disciplines that underpin modern agricultural industries. With a science-base, this agriculture degree also focuses on practical issues facing modern agriculture, producers, agribusiness and the environment.
