Program Description :

The MSc International HRM Management programme provides the foundations to achieve future management potential within the chosen business field to students who have little or no business work experience. The programme is structured to give you the opportunity to study subject areas through your chosen pathway, while also engaging with core modules across the programme, which allows a breadth of diversity, interconnection and enrichment amongst studies, both in the classroom and the wider student community. The MSc programme incorporates distinctive areas of knowledge, skills and mindset traits which contribute to effective performance at a management level within an organisation. Module content, delivery and assessment develops the individual profile of the learner, enabling greater confidence and marketability as a professional. Advance your studies at the postgraduate level and build a career in an international human resource management role. Be part of a Business School.

Admission Requirement :

- Applicants will normally be expected to hold a good first honours degree (2:2 or above in any subject), or international equivalent.
